ESTABLISHED 1833. WEDNESDAY EVENING, AUGUST 26, 1885. PRICE THREE CENTS

Listen to Your Wife.

The Manchester Guardian, June, 8, 1883, says: At one of the "Windows"

Looking on the woodland ways! With clumps of Rhododendroms and great masses of May blossoms ! ! ! "There was an interesting group.

It included one who had been a "cotton spinner" but was now so

Paralyzed ! ! !

That he could only bear to lie in a reclining position.

This refers to my case.

I was first Attacked twelve years ago with "Locomoter Ataxy"

(A paralytic disease of nerve fibre rarely ever cured)

and was for several years barely able to get about.

And for the last five years not able to attend to my business, although

Many things have been done for me.

The last experiment being nerve stretching.

Two years ago I was voted into the Home for incurables! Near Manchester, in May, 1882.

I am no "Advocate"; "For anything in the shape of patent" Medicines?

And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her —

Consented ! !

I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3. On Sunday morning I felt so strong I said to my room companions, "I was sure I could 'Walk!

So started across the floor and back.

I hardly knew how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any "Stick!"

Or Support.

I am now at my home living again. I have been a member of the Manchester "Royal Exchange"

For nearly 30 years, and was most heartily congratulated on going into the room Thursday. Very gratefully yours, John Blackburn, Manchester, Eng., Dec., 24, 1883.

Two years later am perfectly well.

Prosecute the Swindlers!!!

If when you call for Hop Bitters (see green cluster of Hops on the white label) the druggist hands out any stuff called C. D. Warner's German Hop Bitters or with other "Hop" name refuse it and shun that druggest as you would a viper; and if he has taken your money for the stuff, indict him for the fraud and sue him for damages for the swindle, and we will reward you liberally for the conviction.

By Telegraph to THE SENTINEL.

AUSTIN, Tex., Aug. 26.—News comes from Johnson City of a shocking series of murders. Al Lockie having been accused by his relatives of seducing his own daughter, procured a Winchester rifle and shot Berry Lockie, his brother, and Mrs. Lockie; then he killed a neighbor, Mrs. Stokes, and John Nichalson, another neighor; next he went to his house and shot and cut the throat of Mrs. Henry Lockie, the wife of his step son; also Mrs. Stokes, whose husband he had previously murdered. He then killed his daughter and attacked his wife, but his cartridges being exhausted, she escaped. He cut his own throat and then mounted a horse, riding towards Johnson City. On the way he met Thomas Brunswick, whom he stabbed fatally. He was still alive when arrested, two miles from Johnson City.

HARRISBURG, Pa., Aug. 26.—The democratic state convention had over four hundred delegates present. R. P. Allen was elected temporary chairman. Committees were appointed and a recess taken until 1 o'clock.

Jacob B. Turney, of Westmorland, was elected permanent chairman. The platform approved the democratic reform administration of President Cleveland and the cabinet, recognizing in their official acts the resolute determination to vindicate the pledges upon which the president was elected. It affirmed his right to promptly remove officials who have prostituted the public service for partisan and personal ends and also commended the administration of Governor Patterson, especially his faithful and rigid use of the veto power in the interest of a reform and economical government.

Resolutions of sorrow for the death of General Grant were adopted.

Conrad D. Day was nominated for state treasurer. Adjourned sine die.

CHICAGO, Aug. 26.—Late last night the police arrested Mulkowsky and Phomming for the murder of Mrs. Agnes Kledzeick, which occurred three days ago. The woman was evidently murdered for money. The tragedy occurred in the day time, while she was alone in the house. The men arrested had in their possession the jewelry taken from the murdered woman.

They will be taken to Toledo for trial.

The Elements on a Rampage.

CHARLESTON, S. C., Aug. 26.—Charleston was struck by a cyclone yesterday morning, and one-fourth of the houses in the city are unroofed. Parts of the spires of St. Michael's and St. Matthew's Churches were blown down, and the spire of the Citadel Square Baptist Church is demolished. Wharves and warehouses are badly damaged. At Sullivan's Island two steamers are aground, and the new Ashby Church, under construction, has been swept away. The telegraph wires are down, and there are no cars running. The loss is estimated at $1,000,000.

SULLIVAN'S ISLAND, S. C., Aug. 26.—The hurricane of Tuesday morning was terrific. A number of houses on Sullivan's Island were blown away. The New Brighton had over one hundred guests, and great fears were entertained for their safety. About 9 o'clock the storm reached its greatest velocity. At that hour, while the hotel people were at breakfast, the Casino fell with a great crash. Fortunately, all of the rooms in that building were vacated. There were grave fears that the dining-room and main entrance would succumb to the fury of the storm. The main building of the hotel is intact, having stood the storm without very serious damage. At 1 o'clock it was entirely over. The loss to the hotel will be $30,000.

An Unfortunate Actor.

PHILADELPHIA Aug. 26—Mr. George W. Arundel, who was the Commissioner on Lunacy appointed by the Court to inquire into the mental condition of the actor, John McCullough, has just returned from a visit to the Bloomingdale Asylum, where McCullough has been placed under treatment. Speaking of the unfortunate actor's condition, Mr. Arundel said: "Mr. McCullough's condition is that of a decrepit old man. I tried hard to awaken his recollection of myself. He labored in his endeavor to place me, but gave no evidence of recognition. As I was leaving, the doctor and McCullough accompanied me to the door. The latter clasped the doctor's hand and bade him good-bye as if he were going to leave him. The doctor tells me his condition is hopeless, and that his death is only a question of a few months."

The report of General Miles, upon the condition of the Southern Utes in Colorado, was received at the Interior Department yesterday morning, and the Commissioner of Indian Affairs immediately instructed the Agent to secure supplies for the Indians. The bureau officers say the trouble was caused by deficient appropriations for the purchase of food supplies. The Department has endeavored to distribute the amount of the appropriations throughout the fiscal year, but to avert starvation, it is found necessary to expend more than the limited amount set apart for each, and rely on Congress to make good the deficiency.

The remains of Hon. Seth L. Phelps, late Minister to Peru, which arrived at New York on Monday, reached Washington yesterday morning. They were received by Mr. Serell Brown, the son-in-law of the deceased, and Mr. A. A. BERLIN, Aug. 26.—The Cologne *Gazette* pbblishes an amiable article on the Carolines affair and hopes the difficulty will soon be removed.

LONDON, Aug. 26.—A German correspondent says, if the Caroline dispute be referred to arbitration Queen Victoria and not King Humbert, will decide the question.

DISCREDITED.

The rumor that Queen Victoria will arbitrate the Carolines dispute between Spain and Germany is not believed here, as England joined with Germany in a note of opposition to Spain's claims.

Cashier Morgan stepped into his room to consult him, and saw the ex-Governor with his head leaning upon a chair and breathing heavily. He hurried to him, and the clerks called a physician, but death resulted soon after. He was discovered in an unconscious condition, and it is thought that death resulted from heart disease. Interment will be made in the Lakewood Cemetery at this place. He was in his 67th year.

THE WABASH.

The Knights of Labor at New York.

By Telegraph to THE SENTINEL.

NEW YORK, Aug. 26.—The general executive board of the Knights of Labor is at the Astor house. The board consists of ex-Mayor T. V. Powderly of Scranton, Frederick Turner of Philadelphia, Joseph R. Buchanan of Denver, Wm. H. Bailey of Shawnee, Ohio, and John W. Hays of New Brunswick, N. J. The board has been trying for two weeks to effect a settlement of the troubles on the Wabash railroad.

Mr. Turner said to-day: "We have come here to see Mr. Jay Gould, Mr. Hoxie, of the Missouri Pacific, and Mr. Talmage. We want, if possible, to arrange the trouble amicably. We don't want to force the Wabash management to employ men that it does not need. They say they have now a full force, but they have not more than five or six hundred men. We assert that they have broken the agreement entered into in March. We object to their dismissing men simply because they belong to our order. In their notice of June 16 they said the shops would close indefinitely, but on the 18th they opened with new men. We have had no trouble with the other lines. They have stuck to their agreement. We want to see Mr. Hoxie and Mr. Gould, so as to arrange that our men shall not be required to handle cars of the Wabash road if our conference with the manager does not end happily. Mr. Talmage says he is not responsible for the order, but the master mechanics along the line, have executed it just the same."

A GENERAL STRIKE PROBABLE.

ST. LOUIS, Mo., Aug. 26.—The Wabash committee of railroad strikers leave for home to-night. It is intimated that an order is expected from the executive committee of the Knights of Labor which may extend the strike to all points west of New York. The committee addressed a severe letter to Major Kochfitzhugh, state labor commissioner, charging him with truckling to railroads.

IN Maine, according to the Boston *Globe*, to give the sign of distress to any member in good standing, pound three times on the outer gate, give two hard kicks and one soft one on the inner door, give the password, "Rutherford B. Hayes," turn to the left through a dark passage, turn the thumb-screw of a mysterious gas fixture ninety degrees to the right holding the goblet of the encampment under the gas fixture; then reverse the thumb-screw, shut your eyes, insult your digester, leave 25 cents near the gas fixture, and hunt up the nearest cemetery, so that you will not have to be carried very far.

IN his address to the students of the Worcester Free Institute, recently, Gov. Robinson said that the teaching of handicraft should begin at home. Boys should learn girls' "work." "I thank my mother," said he, "that she taught me both to sew and to knit. Although my domestic life has always been felicitous, I have at times found this knowledge very convenient. A man who knows how to do these things, at all times honorable and sometimes absolutely necessary to preserve one's integrity, is ten times more patient when calamity befalls than one who has not these accomplishments."

IT is told by the Boston *Record* that Lord Tennyson and his family, including his little grand-daughter, were dining at Osborne by invitation of the Queen. During the meal the bread plate ran low, and the Queen took the last piece. Thereupon the little Tennyson girl, who had been taught that it was bad manners to take the last piece on the plate, pointed her finger at the Queen and said scornfully: "Piggy, piggy, pig!" The guests expected that nothing but decapitation was in store far the child; but the Queen came nobly to the rescue. "You are quite right, my dear," said she; "nobody but the Queen should take the last piece on the plate."

TEN years ago, when Clarence A. Posley, a West Point graduate, married the daughter of Dr. Sterling, a New York millionaire, his wedding present from the father-in-law was a package containing $100,000 in United States bonds. The young people went away on a wedding journey, and left the money with the donor, where it has ever since remained, they drawing the interest. Dr. Sterling died last January, and his will leaves all his property to the daughter, but does not mention the $100,000 given to the son-in-law, and at his wife's suggestion Mr. Posley began a friendly suit to recover the money, which was decided in his favor by a New York judge.

FINAL preparations are now making at Philadelphia for an expedition to Vigo, Spain, in search of the Spanish treasure galleons sunk in the bay in 1702. An engineer who visited the spot last summer declares that he has positively located eleven of the sunken treasure galleons, and in a diver's suit, went down upon the decks of several of them, which were lying at the depth of thirty or forty feet below the surface. With a charge of dynamite he blew off the deck of one of them and laid bare the general Cargo, which consisted of huge logs of mahogany and logwood in perfect preservation. He also picked up coins from the deck, and iron balls, mementoes of the sea fight 183 years ago.

THE article at present most in demand in the medical world of Germany is—old cheese. A young physician, Dr. Deneke, assistant at the Hygenic Institute of Gottingen, has recently discovered in old cheese an infinitesimally small and hitherto unknown fungus which in form, character, and growth, closely resembles the genuine comma-shaped baccillus discovered by Prof. Koch, and which has been used in vaccinating animals without any injurious effect. Dr. Deneke has been able to cultivate the fungi, and the imperial hygienic office has taken the matter in hand so far as to address a circular to 150 medical men, urging them to investigate the subject and report their observations to them.

LIKE Gen. Grant, the first Napoleon died of cancer. In his case the cancer was in the stomach, instead of the throat. It caused him much more severe pain than Grant suffered. Toward the last he could not digest his food. He was tormented by a constant thirst. His pulse beat with a feverish quickness. He improved, grew worse, and had all the hope, depression, and despair that marked Grant's illness. Unlike the American soldier, he did not retain his mental faculties to the last. The circumstances were different. Napoleon was a vanquished man, a prisoner, deserted by his wife, and surrounded by members of his military family. His last words referred to his son and the army. Grant not only suffered less, but his last hours were brightened by a thousand loving words and tributes from wife and children, old army comrades, his former foes, and the most distinguished men of the world.

The Voice of the People.

The people, as a whole never make mistakes, and the unanimous voice of praise which comes from those who have used Hood's Sarsaparilla, fully justifies the claims of the proprietors of this great medicine. Indeed, these very claims are based entirely on what the people say Hood's Sarsaparilla has done. Send to C.I. Hood & Co., Lowell, Mass., for book containing statements of many cures.

"The glorious climate of California" has been praised in song and story. But even California is not free from the lurking spies of disease, and it requires the same vigilance and care to repel them there as it does farther east. Mr. William Downs, of Los Angelos. Cal., writes: "I was smitten with rheumatism in a very acute form some months ago, and suffered intense agony day and night until I heard of Mishler's Herb Bitters. I sent for three bottles and used the medicine as prescribed in the directions. I am happy to say a complete cure was effected."

New Light on Rheumatism.

"I had been completely disable from rheumatism. I used Parker's tonic for kidney disease, when to my astonishment the rheumatism completely disappeared." So writes Mrs. Henry Bogert, of No. 454 Atlantic avenue, Brooklyn, N. Y. Rheumatism arises from the failure of the kidneys to separate the uric acid from the blood.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.

S.S.S.

Indigestion Cured!

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently more or less nervous all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, failing to find relief in anything else, I commenced to use Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without the slightest difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take the prescribed dose after eating, instead of before.

Free From Malaria.

In the fall of 1884 I was taken with a case of malarial fever which prostrated me both body and mind. I was drugged after the old fashion with mercury and other mineral mixtures, but with no good results. My health was shattered and my energy gone. My legs and feet would swell, and I had what everybody thought was dropsy. These symptoms alarmed me, and I was ready to grasp at any remedy suggested. A friend advised me to try Swift's Specific. I procured three bottles and commenced its use. The swelling soon subsided. I have taken the three bottles, which have made a perfect cure, and I feel like a new man to-day. There never was a more meritorious medicine offered to suffering humanity. It has wrought wonders for me. WILLIS JONES.

REPORT OF THE CITY ATTORNEY.

I respectfully report:

1. In the matter of the petition of Hollis Gillet, asking the city to refund him license on pool table and for retailing liquors, heretofore prid by him, I report that there is reason for the city to make such refunder. Because the commissioners justly or unjustly have refused him a license cannot be urged as a good cause for repayment by the city. The city in accepting his money did not insure him that the commissioners would continue to grant him a state license.

2. I am of the opinion that the sidewalks over Shawnee river on the north side of Creighton avenue should be repaired at the expense of the abutting property owner, or the council may by the ordinary resolution cause a new walk to be built and the expense collected of the abutter.

3. Upon a careful examination of the official bonds of Treasurer Berghoff and Assessor Reese I find them in all things regular and sufficient.

REPORT OF CITY CIVIL ENGINEER.

In drafting an ordinance for the construction of of a sewer in Lasselle street, from Clay street to Hanna street, it is described as running through the south half of the south half, whereas it should have said the south half of the north half of Hanna's out-lot No. 27. The error was a clerical one and I now, before any expense is made, notify the council so the same may be corrected by the passage of an ordinance with the correct description, which I herewith submit.

REPORT OF STREET COMMISSIONER.

1. The large wooden culvert on Wabash avenue and Randall street, thirty-four feet long, eight feet deep and four feet wide, is rotten and caved in. I shut off all travel from the street for fear of accident. I would recommend that a 24-inch crock pipe be substituted in place of wood. The probable cost would be about $35.

2. I also wish to state to your honorable body that several parties are making complaints about the bad condition of the sidewalks on the west side of Calhoun street, particularly between Baker and and Brackenridge streets. The side walk cannot well be repaired, as it is constructed of brick and stone.

DENNIS O'BRIEN, Street Commissioner.

First section referred to the committee on streets and alleys.

Second section referred to the councilmen from the Third ward.

Rev. W. M. Leftwich, D. D., of Nashville, Tenn., pronounces Red Star Cough Cure a magical remedy for throat and lung troubles.

Jones' Cab. Photos, $1.50 per doz.

THE Rev. John W. Scudder, of Minneapolis, has been telling his congregation the sort of a girl he likes. "None of your white-faced damsels for me," he said in a sermon Sunday, "nor one whose face is red with consumptive or hectic flush. Give me the nut-brown girl who abandons her sun-bonnet, who can climb a tree with any boy, who prefers good bread to chocolate caramels, and baked beans to angel cake. The kind of an angel for me weighs 140 pounds, and has more calls for crash towels than cosmetics. Her waist is more than nine inches in circumference. She is straight as an arrow, sleeps eight hours a day, has a clear head, a bright smile, and is a joy to those around her."

Julius Cæsar

Once paid the equivalent of $200,000 of our money for a single pearl which he gave to the mother of Brutus. Extravagant fellow, that Julius! The money would now buy 200,000 bottles of Brown's Iron Bitters and do a world of good among the sick and ailing. Over 700,000 bottles a year of this invaluable medicine are sold. The druggists and others who sell them are constantly hearing of the good which Brown's Iron Bitters is doing. Brown's Iron Bitters is greater than Great Cæsar.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O.L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

THE CIRCUS.

Van Amburgh, Reiche & Co.'s Show at Fort Wayne.

Van Amburgh, Reiche & Co.'s circus came in this morning, via the Wabash road from Defiance. These people do not tell us they have a "mammoth aggregation," but they have a neat, first class show. Their horses are as fine as walk, their wagons new and gorgeous and the circus people clever in their line. They come well recommended and notwithstanding the recent big encampment their splendid street pageant was viewed and admired by thousands this morning. The tents are pitched on the grounds near the jail and this afternoon the show was given to a good audience. To-night there will be a big crowd and THE SENTINEL can promise patrons a treat, and no mistake.

Quite a number of citizens, by special request, tarried in their interesting menagerie this afternoon, where the antediluvian monster is exhibited. The old German house of Charles Reiche and Brother has for many years made a business of hunting and dealing in wild animals. They have stocked all the great shows and zoological gardens of this country. Having heard from sailors and travelers that there existed in the Malay mountains specimens of the supposed extinct race of mammoths, they fitted out an expedition, and, greatly to their surprise, succeeded in capturing two of the pre-historic monsters. Unfortunately, one died by accident, but the other is now on exhibition with Van Amburgh, Reiche & Brother's American and Japanese circus, museum, aquarium and menagerie.

THE TIGER.

Gaming Rooms Raided by the Enterprising Cops.

Capt. Diehl and a posse of police last night stepped into the gambling parlors conducted by Al Guion, of Chicago. The rooms are on West Wayne street, near Calhoun. The captain broke up a nice game, and the participants registered as David Walters, Wm. Nye, (not of Boomerang fame), John Smith (same old duffer), John Harris and Ed. Anderson. The gentlemen put up $20 apiece and over their names authorized Captain Diehl to plead guilty for them. He did so and the officers put fat fees in their pockets.

Another gaming house, near by, was raided, but no inmates were discovered. This was a water haul.

CALLED AWAY.

Rev. Mr. Lamport to Succeed Rev. Dr. Marine.

The Indianapolis *News* says: "It is likely that Rev. Dr. Marine, of the Central avenue Methodist church will be transferred to Trinity church, Lafayette, to succeed Rev. H. A. Buchtel, who has gone to Denver, and that Rev. Dr. Lamport, of Fort Wayne, will be called to the pulpit made vacant by Dr. Marine's transfer; also, that Rev. Dr. Alabaster, of the Meridian street church, will become pastor of Trinity church, Chicago, to be succeeded here by Rev. J. E. Gilbert, of Grand Rapids. Mich." Rev. Mr. Lamport, who is one of the brightest ministers in the state, will accept the change.

OUR LIGHTNING.

J. W. Hayes Receives a Nice Position From the Government.

President Cleveland has just appointed J. W. Hays, of this city, to the position of superintendent of machinery at the Portsmouth navy yards, New Hampshire. Mr. Hays was formerly master mechanic in the Bass machine shop, and his family still reside in Fort Wayne, but are arrauging to move to Portsmouth. This is quite a position for Mr. Hays and a high testimonial to his ability as a mechanic, besides his salary runs up into the thousands. He has nearly 500 men under his jurisdiction. THE SENTINEL rejoices with him.

A Tribute From Gen. Reub Williams.

"The Fort Wayne reunion for 1885 is among the things of the past, and it can truthfully be said that it has been a most noted success from its inception until the last gun was fired and the camp, so recently full of life and activity, was left on Monday afternoon,

'Like some banquet hall deserted.'"

Mr. Williams modestly declines any honor for the success himself; but, like a soldier, heaps it on others, particularly Messrs. Swan and Dougal. Of Colonel Briant he says: "There are *some* men left in this country and Col. C. E. Briant, of Huntington, is one of them."

A Warning to Druggists.

Physicians and druggists throughout Indiana are interested in the proposed enforcement of the physicians' license law by the state board of health. A La Grange county druggist has availed himself of the knowledge to be gained from a prescription, and had duplicated the same to patients who had applied to him for medicine. Having no license, the druggist was held by the physician who prepared the original prescription to be violating the law, and the case was presented to the secretary of the health board, who decides that it is a violation, and instructs county officers to prosecute any druggist who practices medicine in fashion without having taken out a license.

MINISTERS NAMED.

The Methodist Protestant Appointments for the Fort Wayne Circuit.

The Methodist Protestant church of Indiana, comprising five districts, has just closed an interesting session at Groveland, Putnam county. A BIG SUIT.

Gibbon Fitch to Sue Garland Hale for $10,000 Damages.

As soon as Gibbon Fitch was acquitted of the charge of subornation of perjury at Grand Rapids, he wired his attorneys here, Messrs. Sinclair & Hanna, to at once institute suit against Garland Hale for $10,000 damages in the United States circuit court, before Judge Woods. Fitch sets forth that Hale maliciously prosecuted him and had him falsely imprisoned. This case grows out of the sensational slugging business on the Huntington race track, last year. Fitch is sore and his attorneys will push the case to a hasty conclusion. THE SENTINEL will continue to note developments in the sensational business, as something bad will come from it.

She Crossed the River.

Mrs. Mary Keffer, a lady fifty-five years of age, swallowed a dose of arsenic yesterday afternoon and when Dr. J. M. Dinnen reached the house last evening the drug had done its deadly work. Mrs. Keffer lived out on the Maysville road, near the farm home of Wm. Reed. She formerly lived in Bloomingdale and the immediate cause of her suicide was the separation of her son and his wife. Mrs. Keffer's husband died seven years ago.

Strayed, from the county jail, Monday afternoon, a little black rat terrier dog, weighs about five pounds, ears clipped very short and with a white mark on the side the size of a silver dollar. Please send word to sheriff's office, any one knowing the whereabouts of the same.

A lady living on West Jefferson street, weighing 537 pounds, became a mother this morning. Dr. C. B. Stemen officiated at the important event.

The officers of the fair association will meet to-night, at the office of D. C. Fisher, on East Berry street.

"I do not like thee, Dr. Fell,
The reason why, I cannot tell."

It has often been wondered at the bad odor this oft-quoted doctor was in. 'Twas probably because he, being one of the old-school doctors, made up pills as large as bullets, which nothing but an ostrich could bolt without nausea. Hence the dislike. Dr. R. V. Pierce's "Pleasanti Purgative Pellets" are sugar coated and no larger than bird-shot, and are quick to do their work. For all derangements of the liver, bowels and stomach they are specific.

AARON AGAIN.

Old Barrell Steals a Wolf Robe and Will go North.

Aaron Barrell, the hero of a thousand drunks, was arrested last night on the charge of stealing a valuable wolf robe from John McMann, the contractor. Marshal Meyer took the old man before Justice France and he was sent to jail to await trial. Barrell has before done a term in the prison north and can arrange his toilet for another trip. He was once quite wealthy, but whisky downed him. A few months ago his family abandoned him and since then the old fellow has lived as best he could.

The warm weather often has a depressing and debilitating effect. Hood's Sarsaparilla overcomes all languor and lassitude.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

It included one who had been a "cotton spinner" but was now so

Paralyzed!!!

That he could only bear to lie in a reclining position.

This refers to my case.

I was first Attacked twelve years ago with "Locomotor Ataxy" (A paralytic disease of nerve fibre rarely ever cured)

And for the last five years not able to attend to my business, although

Many things have been done for me.

The last experiment being nerve stretching.

Two years ago I was voted into the Home for incurables! Near Manchester, in May, 1882.

I am no "Advocate"; "For anything in the shape of patent" Medicines?

And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her —

I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3. On Sunday morning I felt so strong I said to my room companions, "I was sure I could Walk!

So started across the floor and back.

I hardly knew how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any "Stick" Or Support.

I am now at my home living again. I have been a member of the Manchester "Royal Exchange"

For nearly 30 years, and was most heartily congratulated on going into the room Thursday. Very grate fully yours, John Blackburn, Manchester, Eng., Dec., 24, 1883.

Two years later am perfectly well.

AUSTIN, Tex., Aug. 26.—News comes from Johnson City of a shocking series of murders. Al Lockie having been accused by his relatives of seducing his own daughter, procured a Winchester rifle and shot Berry Lockie, his brother, and Mrs. Lockie; then he killed a neighbor, Mrs. Stokes, and John Nicholson, another neighbor, next he went to his house and shot and cut the throat of Mrs. Henry Lockie, the wife of his step son; also Mrs. Stokes, whose husband he had previously murdered. He then killed his daughter and attacked his wife, but his cartridges being exhausted, she escaped. He cut his own throat and then mounted a horse, riding towards Johnson City. On the way he met Thomas Brunswick, whom he stabbed fatally. He was still alive when arrested, two miles from Johnson City.

HARRISBURG, Pa., Aug. 26.—The democratic state convention had over four hundred delegates present. R. P. Allen was elected temporary chairman. Committees were appointed and a recess taken until 1 o'clock.

Jacob B. Turney, of Westmorland, was elected permanent chairman. The platform approves the democratic reform administration of President Cleveland and the cabinet, recognizing in their official acts the resolute determination to vindicate the pledges upon which the president was elected. It affirmed his right to promptly remove officials who have prostituted the public service for partisan and personal ends and also commended the administration of Governor Patterson, especially his faithful and rigid use of the veto power in the interest of a reform and economical government.

Resolutions of sorrow for the death of General Grant were adopted.

Conrad D. Day was nominated for state treasurer. Adjourned sine die.

CHARLESTON, S. C., Aug. 26.—Charleston was struck by a cyclone yesterday morning, and one-fourth of the houses in the city are unroofed. Parts of the spires of St. Michael's and St. Matthew's Churches were blown down, and the spire of the Citadel Square Baptist Church is demolished. Wharves and warehouses are badly damaged. At Sullivan's Island two steamers are aground, and the new Ashby Church, under construction, has been swept away. The telegraph wires are down, and there are no cars running. The loss is estimated at $1,000,000.

SULLIVAN'S ISLAND, S. C., Aug. 26.—The hurricane of Tuesday morning was terrific. A number of houses on Sullivan's Island were blown away. The New Brighton had over one hundred guests, and great fears were entertained for their safety. About 9 o'clock the storm reached its greatest velocity. At that hour, while the hotel people were at breakfast, the Casino fell with a great crash. Fortunately, all of the rooms in that building were vacated. There were grave fears that the dining-room and main entrance would succumb to the fury of the storm. The main building of the hotel is intact, having stood the storm without very serious damage. At 1 o'clock it was entirely over. The loss to the hotel will be $30,000.

An Unfortunate Actor.

PHILADELPHIA Aug. 26—Mr. George W. Arundel, who was the Commissioner on Lunacy appointed by the Court to inquire into the mental condition of the actor, John McCullough, has just returned from a visit to the Bloomingdale Asylum, where McCullough has been placed under treatment. Speaking of the unfortunate actor's condition, Mr. Arundel said: "Mr. McCullough's condition is that of a decrepit old man. I tried hard to awaken his recollection of myself. He labored in his endeavor to place me, but gave no evidence of recognition. As I was leaving, the doctor and McCullough accompanied me to the door. The latter clasped the doctor's hand and bade him good-bye as if he were going to leave him. The doctor tells me his condition is hopeless, and that his death is only a question of a few months."

The bureau officers say the trouble was caused by deficient appropriations for the purchase of food supplies. The Department has endeavored to distribute the amount of the appropriations throughout the fiscal year, but to avert starvation, it is found necessary to expend more than the limited amount set apart for each, and rely on Congress to make good the deficiency.

Members of the Committee Air Their Grievances Against the Railroad Master Mechanics.

A Probable Strike on All the Gould and Wabash Lines West of New York.

THE WABASH.

The Knights of Labor at New York.

By Telegraph to THE SENTINEL.

NEW YORK, Aug. 26.—The general executive board of the Knights of Labor is at the Astor house. The board consists of ex-Mayor T. V. Powderly of Scranton, Frederick Turner of Philadelphia, Joseph R. Buchanan of Denver, Wm. H. Bailey of Shawnee, Ohio, and John W. Hays of New Brunswick, N. J. The board has been trying for two weeks to effect a settlement of the troubles on the Wabash railroad.

Mr. Turner said to-day: "We have come here to see Mr. Jay Gould, Mr. Hoxie, of the Missouri Pacific, and Mr. Talmage. We want, if possible, to arrange the trouble amicably. We don't want to force the Wabash management to employ men that it does not need. They say they have now a full force, but they have not more than five or six hundred men. We assert that they have broken the agreement entered into in March. We object to their dismissing men simply because they belong to our order. In their notice of June 16 they said the shops would close indefinitely, but on the 18th they opened with new men. We have had no trouble with the other lines. They have stuck to their agreement. We want to see Mr. Hoxie and Mr. Gould, so as to arrange that our men shall not be required to handle cars of the Wabash road if our conference with the manager does not end happily. Mr. Talmage says he is not responsible for the order, but the master mechanics along the line, have executed it just the same."

A GENERAL STRIKE PROBABLE.

ST. LOUIS, Mo., Aug. 26.—The Wabash committee of railroad strikers leave for home to-night. It is intimated that an order is expected from the executive committee of the Knights of Labor which may extend the strike to all points west of New York. The committee addressed a severe letter to Major Kochfitzhugh, state labor commissioner, charging him with truckling to railroads.

Used herbs in doctoring the family, and her simple remedies *HAVE CURED* in most cases. Without the use of herbs, medical science would be powerless; and yet the tendency of the times is to neglect the best of all remedies for those powerful medicines that seriously injure the system.

MISHLER'S HERB BITTERS.

It a combination of valuable herbs, carefully compounded from the formula of a regular Physician, who used this prescription largely in his private practice with great success. It is *not* a drink, but a medicine used by many physicians. *It* is invaluable for *DYSPEPSIA, KIDNEY and LIVER COMPLAINTS, NERVOUS EXHAUSTION, MALARIA, INDIGESTION, &c.;* and while curing will *not* hurt the system.

Mr. C. J. Rhodes, a well-known ironman of Safe Harbor, Pa., writes: "My son was completely prostrated by fever and ague. Quinine and barks did him no good. I then sent for Mishler's Herb Bitters and in a short time the boy was quite well."

"E. A. Schellentrager, Druggist, 717 St. Clair Street, Cleveland, O., writes: "Your Bitters, I can say, and do say, are prescribed by some of the oldest and most prominent physicians in our city."

IN Maine, according to the Boston *Globe*, to give the sign of distress to any member in good standing, pound three times on the outer gate, give two hard kicks and one soft one on the inner door, give the password, "Rutherford B. Hayes," turn to the left through a dark passage, turn the thumb-screw of a mysterious gas fixture ninety degrees to the right holding the goblet of the encampment under the gas fixture; then reverse the thumb-screw, shut your eyes, insult your digester, leave 25 cents near the gas fixture, and hunt up the nearest cemetery, so that you will not have to be carried very far.

IN his address to the students of the Worcester Free Institute, recently, Gov. Robinson said that the teaching of handicraft should begin at home. Boys should learn girls' "work." "I thank my mother," said he, "that she taught me both to sew and to knit. Although my domestic life has always been felicitous, I have at times found this knowledge very convenient. A man who knows how to do these things, at all times honorable and sometimes absolutely necessary to preserve one's integrity, is ten times more patient when calamity befalls than one who has not these accomplishments."

IT is told by the Foston *Record* that Lord Tennyson and his family, including his little grand-daughter, were dining at Osborne by invitation of the Queen. During the meal the bread plate ran low, and the Queen took the last piece. Thereupon the little Tennyson girl, who had been taught that it was bad manners to take the last piece on the plate, pointed her finger at the Queen and said scornfully: "Piggy, piggy, pig!" The guests expected that nothing but decapitation was in store for the child; but the Queen came nobly to the rescue. "You are quite right, my dear," said she; "nobody but the Queen should take the last piece on the plate."

TEN years ago, when Clarence A. Posley, a West Point graduate, married the daughter of Dr. Sterling, a New York millionaire, his wedding present from the father-in-law was a package containing $100,000 in United States bonds. The young people went away on a wedding journey, and left the money with the donor, where it has ever since remained, they drawing the interest. Dr. Sterling died last January, and his will leaves all his property to the daughter, but does not mention the $100,000 given to the son-in-law, and at his wife's suggestion Mr. Posley began a friendly suit to recover the money, which was decided in his favor in a New York court.

NAVAL preparations are now making at Philadelphia for an expedition to Vera Cruz, Spain, in search of the Spanish treasure galleons sunk in the bay in 1702. An engineer who visited the spot last summer declares that he has positively located eleven of the sunken treasure galleons, and in a diver's suit went down upon the decks of several of them, which were lying at the depth of thirty or forty feet below the surface. With a charge of dynamite he blew off the deck of one of them and laid bare the general Cargo, which consisted of huge logs of mahogany and logwood in perfect preservation. He also picked up coins from the deck, and iron balls, mementoes of the sea fight 181 years ago.

THE article at present most in demand in the medical world of Germany is old cheese. A young physician, Dr. Deneke, assistant at the Hygeine Institute of Gottingen, has recently discovered in old cheese an infinitesimally small and hitherto unknown fungus which in form, character, and growth, closely resembles the genuine comma shaped bacillus discovered by Prof. Koch, and which has been used in vaccinating animals without any injurious effect. Dr. Deneke has been able to cultivate the fungi, and the imperial hygeine office has taken the matter in hand, and is to address a circular to 150 medical men, urging them to investigate the subject and report their observations to them.

LIKE Gen. Grant, the first Napoleon died of cancer. In his case the cancer was in the stomach, instead of the throat. It caused him much more severe pain than Grant suffered. Toward the last he could not digest his food. He was tormented by a constant thirst. His pulse beat with a feverish quickness. He improved, grew worse, and had all the hope, depression, and despair that marked Grant's illness. Unlike the American soldier, he did not retain his mental faculties to the last. The circumstances were different. Napoleon was a vanquished man, a prisoner, deserted by his wife, and surrounded by members of his military family. His last words referred to his son and the army. Grant not only suffered less, but his last hours were brightened by a thousand loving words and tributes from wife and children, old army comrades, his former foes, and the most distinguished men of the world.

The Voice of the People.

The people, as a whole never make mistakes, and the unanimous voice of praise which comes from those who have used Hood's Sarsaparilla, fully justifies the claims of the proprietors of this great medicine. Indeed, these very claims are based entirely on what the people say Hood's Sarsaparilla has done. Send to C. I. Hood & Co., Lowell, Mass., for book containing statements of many cures.

California has over 270,000 school children. San Francisco has 62,000.

"Give you a reason on compulsion?" Why of course I will. I am cured of rheumatism, which has kept me enslaved for twenty years, by using Salvation Oil, which cost me only 25 cents.

Amethysts and pink cameos are the fashionable fine stones of the season.

"The glorious climate of California" has been praised in song and story. But even California is not free from the lurking spies of disease, and it requires the same vigilance and care to repel them there as it does farther east. Mr. William Downs, of Los Angeles, Cal., writes: "I was smitten with rheumatism in a very acute form some months ago, and suffered intense agony day and night until I heard of Mishler's Herb Bitters. I sent for three bottles and used the medicine as prescribed in the directions. I am happy to say a complete cure was effected."

The site of the city of Boston was sold in 1635 by John Blackstone for £30.

The universal verdict; "The Hop Plaster is the best porous plaster ever made." Only 25 cents.

New Light on Rheumatism.

"I had been completely disable from rheumatism. I used Parker's tonic for kidney disease, when to my astonishment the rheumatism completely disappeared." So writes Mrs. Henry Bogert, of No. 454 Atlantic avenue, Brooklyn, N. Y. Rheumatism arises from the failure of the kidneys to separate the uric acid from the blood.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

Indigestion Cured!

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently more or less nervous all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, failing to find relief in anything else, I commenced to use Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without the slightest difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take the prescribed dose after eating, instead of before.

Free From Malaria.

In the fall of 1884 I was taken with a case of malarial fever which prostrated me both body and mind. I was drugged after the old fashion with mercury and other mineral mixtures, but with no good results. My health was shattered and my energy gone. My legs and feet would swell, and I had what everybody thought was dropsy. These symptoms alarmed me, and I was ready to grasp at any remedy suggested. A friend advised me to try Swift's Specific. I procured three bottles and commenced its use. The swelling soon subsided. I have taken the three bottles, which have made a perfect cure, and I feel like a new man to-day. There never was a more meritorious medicine offered to suffering humanity. It has wrought wonders for me. WILLIS JONES.

REPORT OF THE CITY ATTORNEY.

I respectfully report:

1. In the matter of the petition of Hollis Gillet, asking the city to refund him license on pool table and for retailing liquors, heretofore paid by him, I report that there is reason for the city to make such refunder. Because the commissioners justly or unjustly have refused him a license cannot be urged as a good cause for repayment by the city. The city in accepting his money did not insure him that the commissioners would continue to grant him a license to sell.

2. I am of the opinion that the sidewalks over Shawnee river on the north side of Creighton avenue should be repaired at the expense of the abutting property owner, or the council may, by the ordinary resolution direct a new walk to be built and the expense collected of the abutter.

3. Upon a careful examination of the official bonds of Treasurer Bierhaus and Assessor Reese I find them in all things regular and sufficient.

REPORT OF CITY CIVIL ENGINEER.

In drafting an ordinance for the construction of of a sewer in Lasselle street, from Clay street to Hanna street, it is described as running through the south half of the south half, whereas it should have said the south half of the north half of Hanna's outlot No. 87. The error was a clerical one and I now, before any expense is made, notify the council so the same may be corrected by the passage of an ordinance with the correct description, which I herewith submit.

REPORT OF STREET COMMISSIONER.

1. The catch-wash-basin culvert on Wabash avenue and Randall street, thirty four feet long, eight feet deep and four feet wide, is rotten and caved in. I shifted all travel from the street for four of accident. I would recommend that a 24 inch crock pipe be substituted in place of wood. The probable cost would be about $35.

2. I also wish to state to your honorable body that several parties are making complaints about the bad condition of the sidewalks on the west side of Calhoun street, particularly between Baker and and Brackenridge streets. The side walk cannot well be repaired, as it is constructed of brick and stone.

James' Cab. Photos, $1.50 per doz.

The Rev. John W. Semider, of Minneapolis, has been telling his congregation the sort of a girl he likes. "None of your white faced damsels 'or me," he said in a sermon Sunday, "nor one whose face is red with consumptive or hectic flush. Give me the nut brown girl who abandons her sun bonnet, who can climb a tree with any boy, who prefers good bread to chocolate caramels, and baked beans to angel cake. The kind of an angel for me weighs 140 pounds, and has more calls for crash towels than cosmetics. Her waist is more than nine inches in circumference. She is straight as an arrow, sleeps eight hours a day, has a clear head, a bright smile, and is a joy to those around her."

Julius Cæsar

Once paid the equivalent of $200,000 of our money for a single pearl which he gave to the mother of Brutus. Extravagant fellow, that Julius! The money would now buy 200,000 bottles of Brown's Iron Bitters and do a world of good among the sick and ailing. Over 700,000 bottles a year of this invaluable medicine are sold. The druggists and others who sell them are constantly hearing of the good which Brown's Iron Bitters is doing. Brown's Iron Bitters is greater than Great Cæsar.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33½ per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

In the shooting tournament at White's park yesterday afternoon Wm. Wortle, of this city, won first prize over about fifteen competitors. The shooting continued to-day.

Miss Clara Callsmith and Miss Rosa Richer, two of Ohio's most charming ladies, returned home last evening, after spending a short and pleasant visit among friends here.

"Laz. Hirsch has returned from the bedside of Isaac Lauferty, his father-in-law, at Fort Wayne. Mrs. Hirsch was herself too ill to visit her father, whose condition is critical," says the Lafayette *Courier*.

The indications for the lower lake region, as reported by the weather bureau at Washington to THE SENTINEL are as follows: Generally fair weather, northerly winds, stationary, followed by slight rise in temperature. Light frosts may occur in Wisconsin and Michigan to-night, also Minnesota and Northern Iowa.

B. Clayburn, publisher of the *Flying Night*, a Chicago street paper, is endeavoring to operate a blackmailing scheme in this state. He sends advance copies of the journal out detailing some scandalous matters in Hoosier towns, threatening to connect names therewith unless the business is fixed in a financial way. The blackmailing business has been given to the Pinkerton detective agency to suppress.

The "Limited" trains which have been a prominent feature of the Pennsylvania passenger department are to be abandoned September 1. Assistant General Passenger Agent Deering says that the trains have paid well and are to be abandoned not as an economical measure, but in pursuance of a trunk line agreement. The fast mail trains will be continued as for years past. The loss of the "Limited" will be felt by the traveling community.

THE CIRCUS.

Van Amburgh, Reiche & Co.'s Show at Fort Wayne.

Van Amburgh, Reiche & Co.'s circus came in this morning, via the Wabash road from Defiance. These people do not tell us they have a "mammoth aggregation," but they have a neat, first class show. Their horses are as fine as walk, their wagons new and gorgeous and the circus people clever in their line. They come well recommended and notwithstanding the recent big encampment their splendid street pageant was viewed and admired by thousands this morning. The tents are pitched on the grounds near the jail and this afternoon the show was given to a good audience. To-night there will be a big crowd and THE SENTINEL can promise patrons a treat, and no mistake.

Quite a number of citizens, by special request, tarried in their interesting menagerie this afternoon, where the antediluvian monster is exhibited. The old German house of Charles Reiche and Brother has for many years made a business of hunting and dealing in wild animals. They have stocked all the great shows and zoological gardens of this country. Having heard from sailors and travelers that there existed in the Malay mountains specimens of the supposed extinct race of mammoths, they fitted out an expedition, and, greatly to their surprise, succeeded in capturing two of the pre-historic monsters. Unfortunately, one died by accident, but the other is now on exhibition with Van Amburgh, Reiche & Brother's American and Japanese circus, museum, aquarium and menagerie.

THE TIGER.

Gaming Rooms Raided by the Enterprising Cops.

Capt. Diehl and a posse of police last night stepped into the gambling parlors conducted by Al Guiou, of Chicago. The rooms are on West Wayne street, near Calhoun. The captain broke up a nice game, and the participants regi tered as David Walters, Wm. Nye, (not of Boomerang fame), John Smith (some old duffer), John Harris and Ed. Anderson. The gentlemen put up $20 apiece and over their names authorized Captain Diehl to plead guilty for them. He did so and the officers put fat fees in their pockets.

Another gaming house, near by, was raided, but no inmates were discovered. This was a water haul.

CALLED AWAY.

Rev. Mr. Lamport to Succeed Rev. Dr. Marine.

The Indianapolis *News* says: "It is likely that Rev. Dr. Marine, of the Central avenue Methodist church will be transferred to Trinity church, Lafayette, to succeed Rev. H. A. Buchtel, who has gone to Denver, and that Rev. Dr. Lamport, of Fort Wayne, will be called to the pulpit made vacant by Dr. Marine's transfer; also, that Rev. Dr. Alabaster, of the Meridian street church, will become pastor of Trinity church, Chicago, to be succeeded here by Rev. J. E. Gilbert, of Grand Rapids, Mich." Rev. Mr. Lamport, who is one of the brightest ministers in the state, will accept the change.

OUR LIGHTNING.

J. W. Hayes Receives a Nice Position From the Government.

President Cleveland has just appointed J. W. Hays, of this city, to the position of superintendent of machinery at the Portsmouth navy yards, New Hampshire. Mr. Hays was formerly master mechanic in the Bass machine shop, and his family still reside in Fort Wayne, but are arranging to move to Portsmouth. This is quite a position for Mr. Hays and a high testimonial to his ability as a mechanic, besides his salary runs up into the thousands. He has nearly 500 men under his jurisdiction. THE SENTINEL rejoices with him.

A Tribute From Gen. Reub Williams.

"The Fort Wayne reunion for 1885 is among the things of the past, and it can truthfully be said that it has been a most noted success from its inception until the last gun was fired and the camp, so recently full of life and activity, was left on Monday afternoon,

"Like some banquet hall deserted."

Mr. Williams modestly declines any honor for the success himself; but, like a soldier, heaps it on others, particularly Messrs. Swan and Dougal. Of Colonel Brant he says: "There are *some* men left in this country and Col. C. E. Brant, of Huntington, is one of them."

A Warning to Druggists.

Physicians and druggists throughout Indiana are interested in the proposed enforcement of the physicians' license law by the state board of health. A La Grange county druggist has availed himself of the knowledge to be gained from a prescription, and had duplicated the same to patients who had applied to him for medicine. Having no license, the druggist was held by the physician who prepared the original prescription to be violating the law, and the case was presented to the secretary of the health board, who decides that it is a violation, and instructs county officers to prosecute any druggist who practices medicine in fashion without having taken out a license.

MINISTERS NAMED.

Jones; New Haven circuit, Seymour S. Stanton; Plymouth circuit, Lafayette Coomer; Wabash circuit, James T. Harrison; Keystone circuit, James C. A BIG SUIT.

Gibbon Fitch to Sue Garland Hale for $10,000 Damages.

As soon as Gibbon Fitch was acquitted of the charge of subornation of perjury at Grand Rapids, he wired his attorneys here, Messrs. Sinclair & Hanna, to at once institute suit against Garland Hale for $10,000 damages in the United States circuit court, before Judge Woods. Fitch sets forth that Hale maliciously prosecuted him and had him falsely imprisoned. This case grows out of the sensational slugging business on the Huntington race track, last year. Fitch is sore and his attorneys will push the case to a hasty conclusion. THE SENTINEL will continue to note developments in the sensational business, as something bad will come from it.

She Crossed the River.

Mrs. Mary Keffer, a lady fifty-five years of age, swallowed a dose of arsenic yesterday afternoon and when Dr. J. M. Dinnen reached the house last evening the drug had done its deadly work. Mrs. Keffer lived out on the Maysville road, near the farm home of Wm. Reed. She formerly lived in Bloomingdale and the immediate cause of her suicide was the separation of her son and his wife. Mrs. Keffer's husband died seven years ago.

Strayed, from the county jail, Monday afternoon, a little black rat terrier dog, weighs about five pounds, ears clipped very short and with a white mark on the side the size of a silver dollar. Please send word to sheriff's office, any one knowing the whereabouts of the same.

A lady living on West Jefferson street, weighing 537 pounds, became a mother this morning. Dr. C. B. Stemen officiated at the important event.

The officers of the fair association will meet to-night, at the office of D. C. Fisher, on East Berry street.

"I do not like thee, Dr. Fell,
The reason why, I cannot tell."

It has often been wondered at the bad odor this oft-quoted doctor was in. 'Twas probably because he, being one of the old-school doctors, made up pills as large as bullets, which nothing but an ostrich could bolt without nausea. Hence the dislike. Dr. R. V. Pierce's "Pleasant Purgative Pellets" are sugar coated and no larger than bird-shot, and are quick to do their work. For all derangements of the liver, bowels and stomach they are specific.

AARON AGAIN.

Old Barrell Steals a Wolf Robe and Will go North.

Aaron Barrell, the hero of a thousand drunks, was arrested last night on the charge of stealing a valuable wolf robe from John McMann, the contractor. Marshal Meyer took the old man before Justice France and he was sent to jail to await trial. Barrell has before done a term in the prison north and can arrange his toilet for another trip. He was once quite wealthy, but whisky downed him. A few months ago his family abandoned him and since then the old fellow has lived as best he could.

The warm weather often has a depressing and debilitating effect. Hood's Sarsaparilla overcomes all languor and lassitude.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.
